DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms. Amy Schmid on November 16, 2007.

The application has been amended as follows:

In claims 1 and 5, the step of "heating the steel to perform precipitation annealing before or after machining the part from said blank" has been amended by replacing "the part from said blank" with ---said blank, wherein part is obtained by machining, ---. With regard to this amendment, Applicants pointed out that machining is not necessarily the final process step since precipitation annealing can be performed after machining to form final part.

In claims 1 and 5, after the step reciting "wherein the hot deformation is forging;" the following limitation has been inserted: ---wherein the precipitation annealing is performed in the range of 425C to 600C for 1 h or more; ----.

In claim 10, after line 2, ---and the steel satisfies the condition regarding Cu---.

2. The following is an examiner's statement of reasons for allowance: The method of fabricating a steel part and its product as recited by claims 1, 5, 8 to 11, 19, 22 and 24 are not taught or suggested by the art of record for the reasons set forth in Applicants' remarks dated August 15 2007 and August 27, 2007, and Examiner's reasons of allowability dated October 22, 2007.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Deborah Yee whose telephone number is 571-272-1253. The examiner can normally be reached on monday-friday 6:00 am-2:30 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Roy King can be reached on 571-272-1244. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
